

SET 10 – SURVEY RESPONSES ANALYSIS

DSA0601 – DATA HANDLING AND VISUALIZATION

Student Name	N. Harshith
Register Number	192325078
Department	Artificial Intelligence and Machine Learning (AIML)
Course	Data Handling and Visualization
Set	10

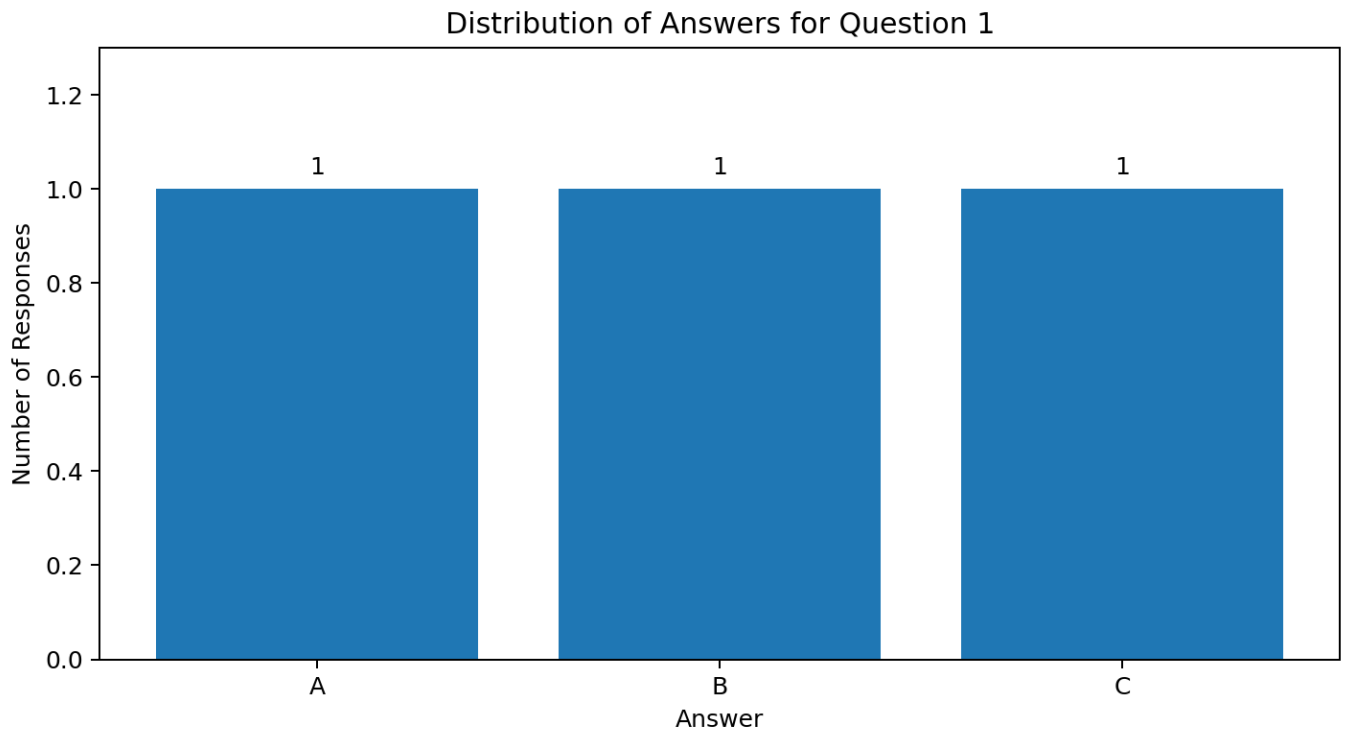

Dataset: Survey Responses

Survey ID	Question 1	Question 2	Question 3
1	A	B	C
2	B	A	D
3	C	A	B

Objectives

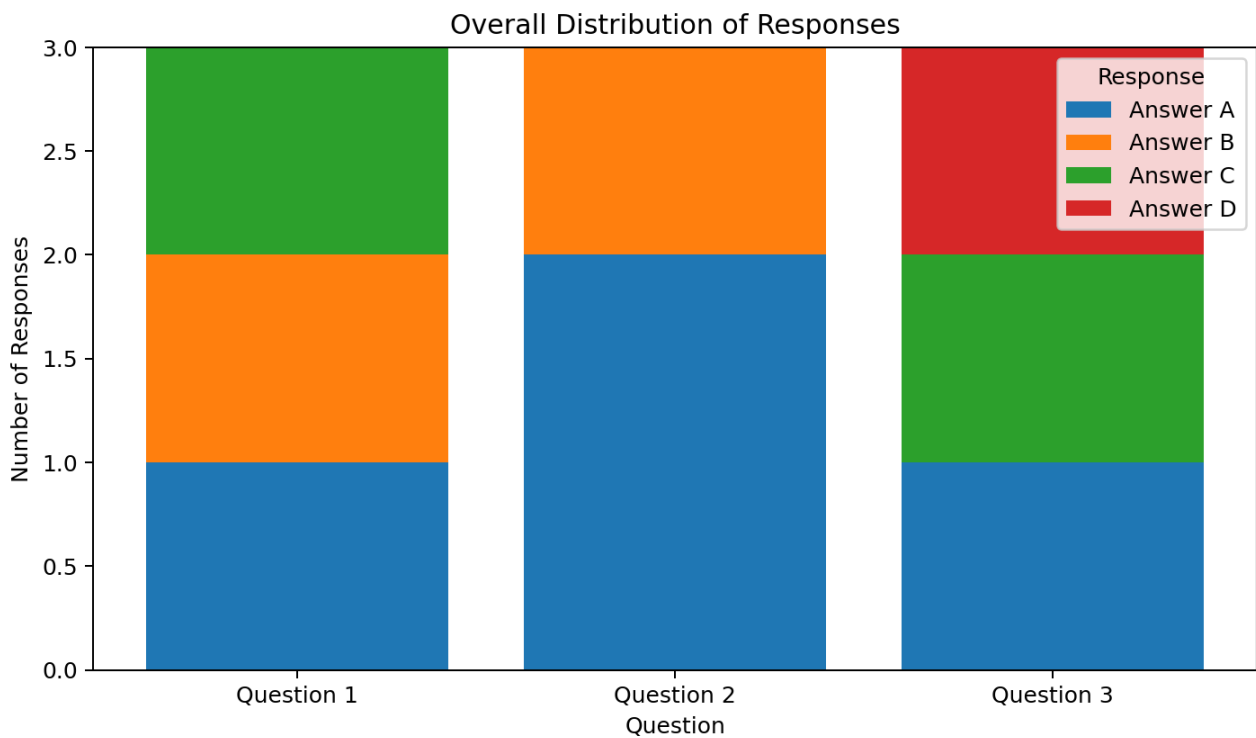

- Create a grouped bar chart to visualize the distribution of answers for Question 1.
- Generate a stacked bar chart showing the overall distribution of responses for all three questions.
- Build a table displaying the survey response data for each survey.
- Develop a Tableau-style dashboard combining the grouped bar chart, stacked bar chart and table.

PROGRAM 1 – GROUPED BAR CHART: QUESTION 1

Result: Question 1 has one response each for A, B and C.

PROGRAM 2 – STACKED BAR CHART: OVERALL RESPONSE DISTRIBUTION

Result: Question 2 contains two A responses and one B response; Question 3 contains one each of A, B and C plus one D response.

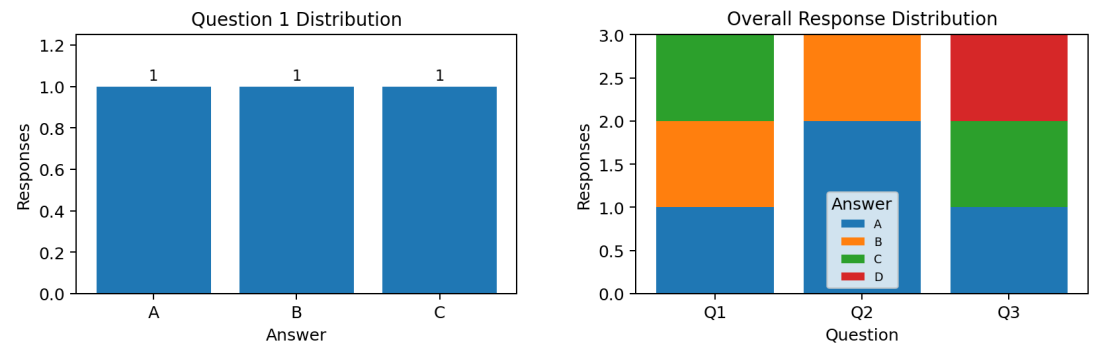

PROGRAM 3 – SURVEY RESPONSE TABLE

Survey ID	Question 1	Question 2	Question 3
1	A	B	C
2	B	A	D
3	C	A	B

The table displays Survey ID and responses to Question 1, Question 2 and Question 3 for all three surveys.

PROGRAM 4 – TABLEAU DASHBOARD

Survey Responses Dashboard

Survey ID	Question 1	Question 2	Question 3
1	A	B	C
2	B	A	D
3	C	A	B

Illustrative Tableau-style dashboard based on the supplied dataset

Illustrative Tableau-style dashboard combining the required charts and survey response table for interactive exploration.

RESULT AND ANALYSIS

The survey responses were successfully represented using grouped and stacked bar charts and a response table.

- Question 1 responses: A = 1, B = 1, C = 1.
- Question 2 responses: A = 2, B = 1.
- Question 3 responses: A = 1, B = 1, C = 1, D = 1.
- The stacked chart provides an overall comparison of response categories across the three questions.

Conclusion

The Survey Responses dataset was successfully analyzed using grouped and stacked bar charts and a tabular representation. The combined dashboard provides a compact view of response patterns across all three questions.
